

Dear Juliette Mentor,

We're excited that you and your Juliette will be participating in the Cookie Program! Please see the included Caregiver Guide for important information and whenever you see the guide talk about getting things to your troop leader, you will be working with me, the GSMW Juliette Coordinator. I have also included the Juliette Cookie FAQ's that you will find helpful throughout the Cookie Program, so keep it handy. You will use an online form to submit your initial order and reward choices, shipping information, and order verification. Please complete and submit the form even if you have not collected any orders on the paper order card. Please visit www.gsmw.org/juliettescookies to access the form and other important information for the Cookie Program. At the conclusion of the Cookie Program, you will send collected money to Council with the Juliette Program Deposit Form. Please see below for my contact information and I will assist you and your Juliette during the Cookie Program.

| June | Rewards arrive – I will coordinate with you |

As you go through the Financial Literacy Program with your Girl Scout, we are here to help you. I will assist with getting your order input and answering any questions you might have. We want this to be a fun and successful experience for your Juliette Girl Scout! Following her participation in the Financial Literacy Programs, you can request Juliette funds to help pay for membership, program materials, badges, and Council events or resident camps – the Juliette Fund Request form is found at www.gsmw.org.

Thank you for being an active part of your Juliette's journey in Girl Scouting! We hope this is a fun-filled year for you both and look forward to assisting you.

Thanks you,
