Weekly Bites

1. Cookie deliveries begin March 10th.
2. Cookie ownership and responsibility
3. Initial order rewards
4. Don't miss fun promotions this month

1. Cookie Deliveries

Service Units begin receiving deliveries March 10th and will be contacting troops about pickups. Delivery dates vary so please be patient!

Ensure you have room to store the troop cookies until caregivers pick up their orders. The cookies need to be stored in a temperature-controlled space safe from weather and liquid so that they do not get damaged. If in a garage – make sure they are not sitting directly on the ground.

2. Cookie Ownership & Responsibility

At cookie pickups, caregivers will sign for the total amount of cookies requested at Initial Order. The Caregiver will then be financially responsible for all the cookies signed for and must **turn in money no later than April 14th**. We recommend that you keep copies of the caregivers' requests and receipts until all financials are resolved at the end of the Cookie Program.

Always remember **PRODUCT = MONEY**. Anytime product or money changes hands a signed receipt must be completed for both parties.
