

Fall Product Program

Week of October 27

Weekly Bites

1. Reminders
2. Things To Do
3. Product Updates

Reminders

- NO LATE ORDERS WILL BE ACCEPTED AFTER OCTOBER 29.
Make sure all girl orders are entered into M2OS by the troop no later than October 29.
- **Caregivers should have given you a copy of their order cards and any payments that have been collected. This way you can double check to make sure all orders were entered correctly.**
- Troops and caregivers are financially responsible for the product once it is signed for, so make sure to complete receipts for all parties every time product or money change hands.

Things To Do

- Make sure to double check and confirm Paper Order Card entries for any possible errors/discrepancies. Make sure that they have not added online orders.
- Touch base with **all** your caregivers for any last-minute orders or missing order cards.
- Encourage Girl Scouts to continue selling online by sharing site links and sending emails through November 19th.
- Have your Girl Scouts write thank you cards to send with their product to customers at your next meeting or on their own.

Product Updates

Once all of your paper and Girl Delivery orders have been submitted, Product will start arriving at your Service Unit as early as November 17th. Your Service Unit Product Manager will reach out to arrange product pickup. Start preparing a plan for distribution to your Girl Scouts.
