Paper Order Card Entry

- **Paper Order Card sales end and need to be entered by caregivers* into M2OS by 11:59PM on Oct 25th.**

**Make sure you receive a copy/ picture of the Paper Order Card from caregivers after entry for any clarification.*

- **Remind caregivers to NOT to enter Online Girl Delivery Orders.** They are automatically entered into the system. Entering those orders will DUPLICATE the order and the caregiver will be financially responsible for the extra product.

- **Troops have until 11:59 PM on October 28th to review and edit any orders.**
- **There will be no late orders accepted.** Make sure to share this with your caregivers to ensure they get their orders submitted on time. We recommend checking in with your caregivers early on for any travel plans that may prevent their orders being submitted on time.

The program continues online until November 18th so keep sharing your site links and emailing customers!
